About ING Factory

ING Factory
ideas worth building

What is ING Factory?

- Started 7 years ago
- Based on MIT's Fablab concept
- Community of experts
- Easy access to prototyping technologies
- A place where we **co-create with business and tech**

Make **large** impact
with tiny techy ideas

Our purpose

Showcase the impossible within a matter of days:

- That are driven by **personal enthusiasm**
- Inspired by the (new) **tech** possibilities
- And Validated by working in co-creation with **business clients and departments**

The ING Factory team...

Thijs Janssen
Head of ING Factory

Stephan van Heest
Tech and Design

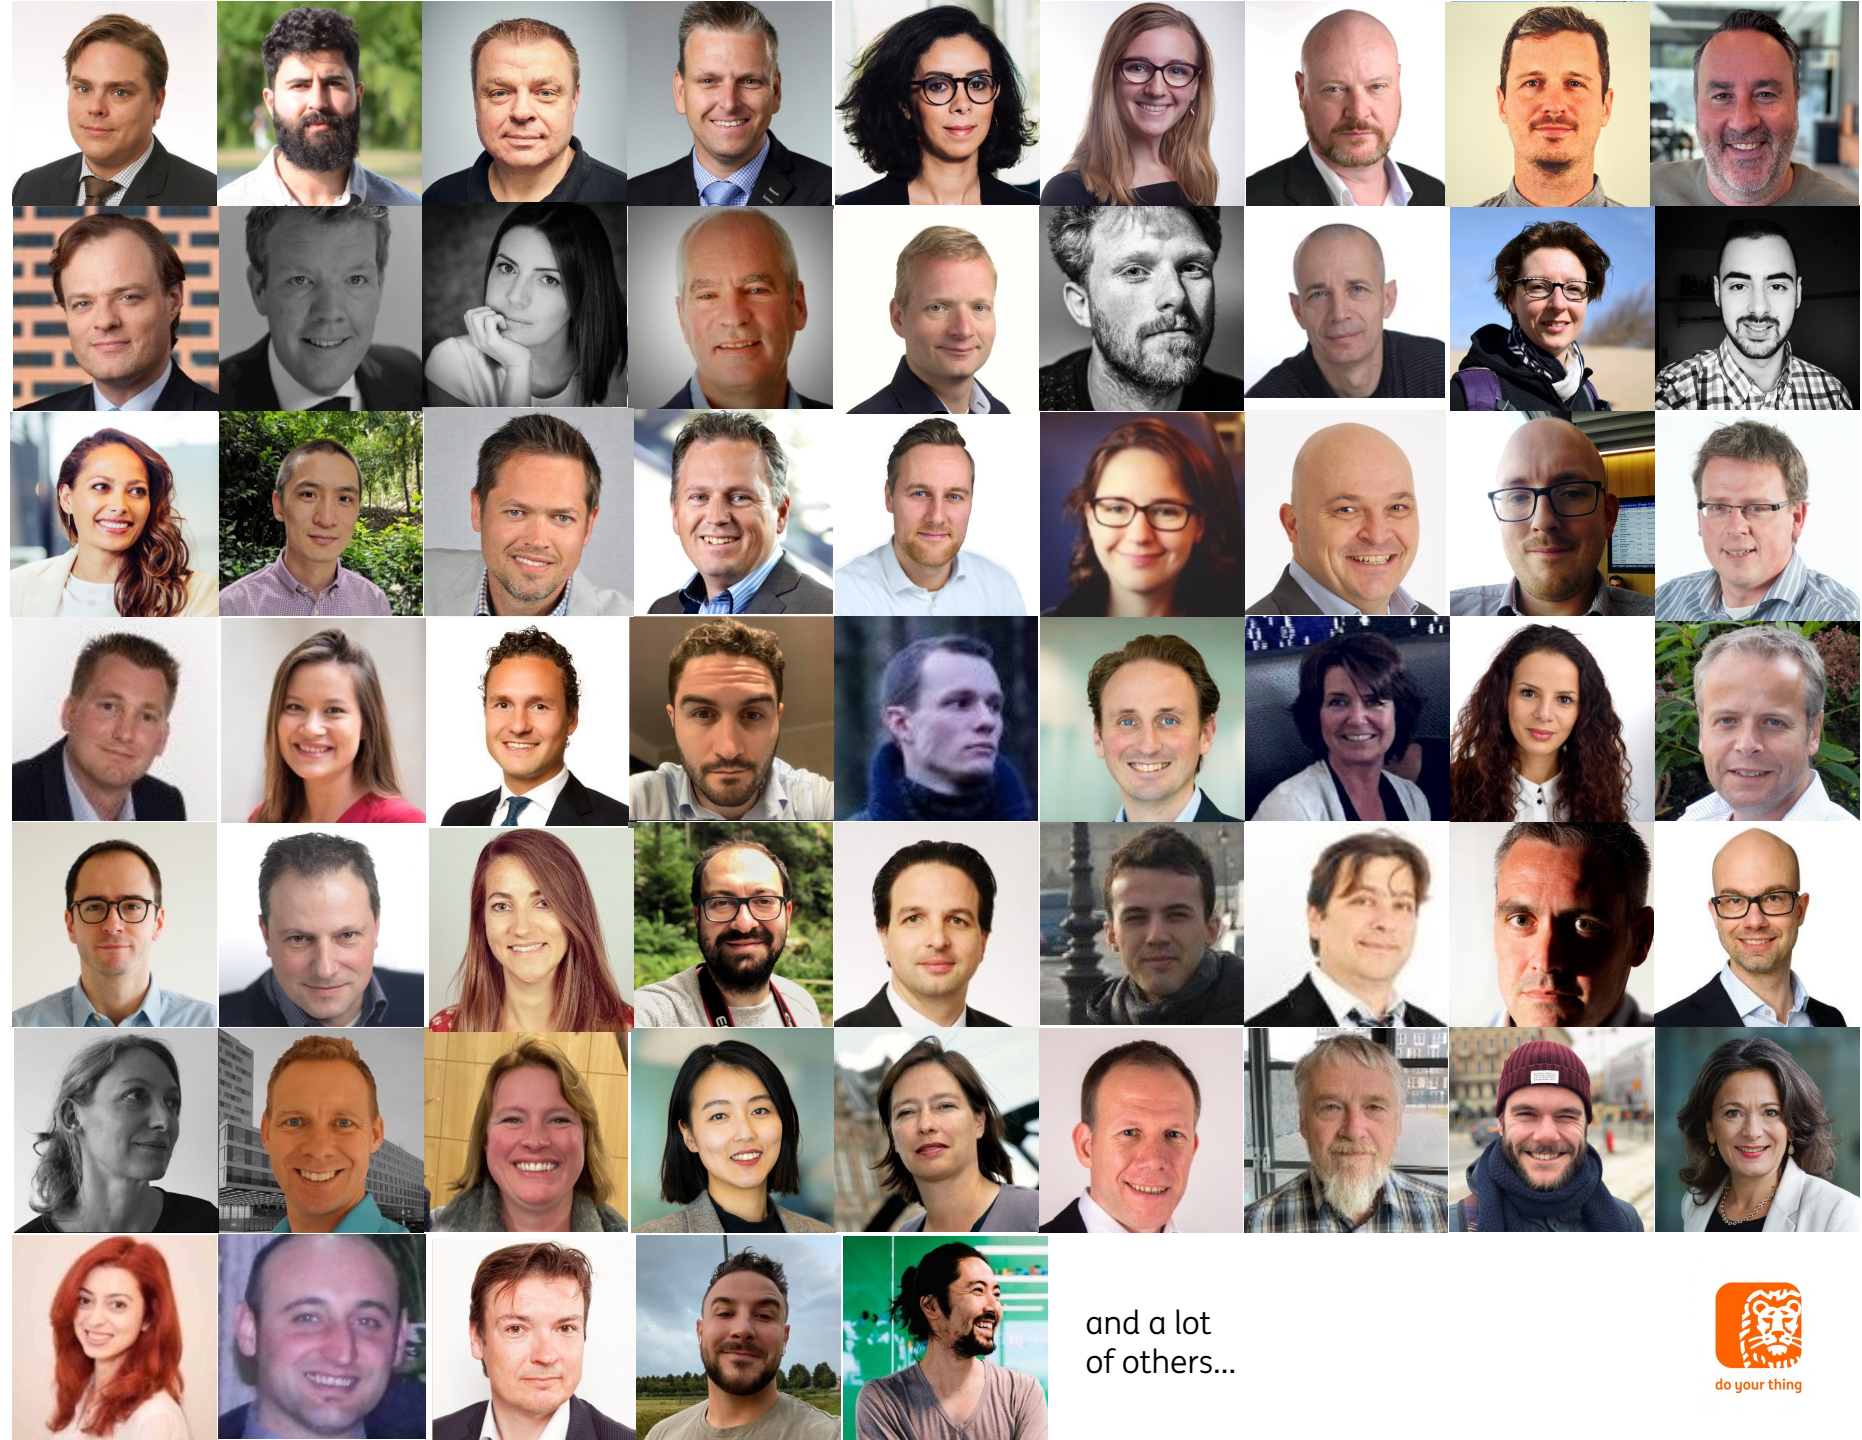

Sonya Thaalbi
Business Development

Talisa Ong
Advisor (ext.)

... and The ING Factory Community

exists of ca. 80 rebellious
colleagues

Selection of our friends

and a lot
of others...

Our Tech Partners stimulate innovation in the projects
